After the foregoing Resolution had been read to the Board, the Chairman called for any discussion.
On motion of J. P. Mosingo, III, duly seconded by T. B. Young, the resolution was unanimously adopted by eight members voting "Aye."

The Chairman thereupon declared the Resolution unanimously adopted.

After having transacted the business at hand and adjourned the Board was again called into session for the purpose of considering other matters of interest to the College.

The Chairman stated to the Board that the appointment of J. C. Littlejohn, Business Manager, as Acting Secretary at the November 1940 meeting carried with it the duties of the Secretary as defined in the College By-Laws.

President Poole informed the Board that he and the Commandant, Colonel H. M. Pool, had revised the Cadet Regulations and he outlined the principal changes made therein.

After discussion, it was moved by Mr. Young and seconded by Mr. Graham that the changes be approved.

Motion Adopted

President Poole presented the following recommendations:

That in accordance with Section 181 of the By-Laws, Assoc. Prof. J. D. Lane and Assoc. Prof. B. E. Goodale be elected to membership on the Discipline Committee for the next year.

Upon motion of Mr. Graham, duly seconded by Mr. Mosingo the recommendation was approved.

President Poole presented a request from the War Department for authority to hold maneuvers on the lands of the Pee Dee Experiment Station.

The Chairman was duly authorized to sign the agreement.

President Poole presented two items of appropriations not acted upon by the Board at the June 1941 meeting for the Extension Service. These were:

Special State Appropriation for Camp Long $2,000.00
Supplementary Bankhead-Jones Funds 1,970.91

Since a vote of nine members was required to appropriate, these items were carried over until the October meeting.

At the request of President Poole, Dean Cooper explained the desirability of purchasing ten acres of land in the midst of the Nettles tract near Florence. It was stated that the College had attempted to purchase this land on several occasions. The owner had recently built a dwelling thereon and the sale price for the land and buildings was $7,000.00.

After discussion, it was moved by Mr. Young that the property be appraised by a competent person and an offer based on the appraisal, but not to exceed $6,500.00, be made. The motion was duly seconded by Judge Byrnes and unanimously adopted.

It was recommended that a right-of-way be granted the Carolina Light and Power Company to construct a high voltage transmission line across the College property at the Pee Dee Experiment Station. The line to cross the area known as the "Nettles Fertilizer Plots." The survey and the method of construction was explained to the Board.

It was moved by Mr. Graham, that a right-of-way be granted the Carolina Light and Power Company, provided the line construction was satisfactory to the College authorities and that the papers be approved by the College Attorney, Harold Major.

The motion was duly seconded by Mr. Mosingo and unanimously adopted.
Mr. Young suggested to the Board that in view of a drug emergency caused by disruption of world commerce, he believed that Clemson should make a survey for the purpose of determining the feasibility of growing in South Carolina certain crude drugs now secured from foreign countries.

It was moved by Mr. Graham that Director Cooper of the Experiment Station be authorized and directed to investigate the growing in South Carolina of special crops now affected by the international situation and to make a full report at the next meeting of the Board.

There being no further business, the Board adjourned at 1:15 p.m. on motion of W. C. Graham, duly seconded by James F. Byrnes.
