APPROVED
Since the last meeting of the Board, Clemson College has lost by death two of its valued and most-loved members of the staff -- W. B. Aull, Vice-Dean Emeritus of the School of Agriculture and Professor Emeritus of Bacteriology and R. K. Eaton, Professor Emeritus of Carding and Spinning. The President recommended that the Board authorize the preparation of suitable resolutions to be mailed to the families and spread on the minutes of the Board of Trustees.

APPROVED

Robert Knight Eaton, son of Russell William and Grace Crosby Eaton, was born July 31, 1883, at Providence, Rhode Island. He spent his early years at Brunswick, Maine and graduated from Bowdoin College in 1905. He then took graduate work at the Philadelphia Textile Institute before working as a textile engineer with the Whitin Machine Works and the Cabot Manufacturing Company. During World War I he served as a First Lieutenant in the Chemical Warfare Service. In 1923 he came to Clemson as a professor of Weaving and Designing in the Textile School and served as a faculty member of that School continuously until his retirement on February 1, 1949. During the war period, he was acting Dean of the School of Textiles and was head of the Weaving and Designing Division of that School at the time of his retirement.

During his twenty-six years at Clemson, Mr. Eaton was the ideal college professor, beloved alike by his students and associates. He was always a perfect gentleman and an inspiring example to all those with whom he came in contact, and his memory will live long in the annals of Clemson College.

Therefore, be it resolved:

1. That we, the members of the Board of Trustees of Clemson College in regular session assembled, do hereby express our sincere appreciation of that unfailing service and devotion rendered to Clemson College by Professor Eaton during his twenty-six years of teaching.

2. That his wise guidance and delightful personality will be missed by all who knew him at Clemson College, but his inspiration will live on through the years.

3. That a page in our record book be inscribed to his memory and that a copy of these resolutions be mailed to the members of his sorrowing family.

William Barre Aull

Whereas, the Master of the universe in his infinite wisdom and mercy has called Professor William Barre Aull from his earthly labors, the Board of Trustees and the faculty of the School of Agriculture of the Clemson Agricultural College note with deepest regret his passing and pay tribute to his memory by these presents:

Professor Aull possessed a remarkable personality. He was always cheerful and ever at the service of his fellow men. He was a master in his chosen field of science and his courage and energy were an inspiration to his associates. He made a lasting contribution to Clemson College and South Carolina through the students he taught and through his services in the interest of public health. To his students he was known as a most loved and respected teacher; to his associates as a most considerate and obliging friend; and to the institution to which he gave so many
years of his life, as a devoted and valuable employee. In his passing his associates have suffered an irreparable loss and take this opportunity to pay respect to his memory and to express heartfelt sympathy to his family in their bereavement.
